YOUNG, YET EXPERIENCED

The **TREND Group** was born by the hand of Pino Bisazza who, together with several qualified colleagues, created in the year 2000 an enterprise that blends the artistic Italian tradition with a respect for nature, and the most innovative technologies - a company that now boasts of hundreds of employees all around the world.

What makes TREND the excellent, devoted company it is today, it is its commitment to detail in the creation of aesthetical environments, built with the best technology and an eco-friendly, innovative system.

TREND Group is the world's leading full-body glass mosaic, gold mosaic and Venetian smalti designer and manufacturer.

TREND has demonstrated a unique ability to blend the essential principles of its Italian tradition with the dynamic creativity of today's most celebrated designers, architects and artists.

Creative excellence is found in Orsoni that still uses the same traditional process of glass manufacturing.

In 2003 TREND incorporated Orsoni that manufactures 24K gold leaf mosaics and enamels in more than 3,500 colors since 1888.

BEAUTY AND IDEAS

TREND produces imaginative ideas and solutions, and pays homage to beauty through its expressions.

Supreme SUP 365

TREND enjoys the freedom of the unbiased.

Design is
in the air.

IMMENSE®

A vast array of nature-like symbols converges in a dreamy sketch of inspiration.

A vast array of nature-like symbols converges in a dreamy sketch of inspiration.

The idea of immense is so big that it is not easy to measure. It implies an authority in a matter of size and possibilities. It describes something that is bigger than all the rest; nothing can be greater than what is immense... right?

In the essence of the word lies the wisdom of the concept of infinite. An idea that can easily describe the power this new collection has to transform people's lives with striking and unlimited designs.

We named this collection Immense® to make a statement of how this new collection evokes landscapes and sceneries of immeasurable beauty.

TRASCENDA™

The ultimate expression of nature, art and human mind. Transcendence is a deep human impulse. A deep-rooted desire to leave an impression, a hallmark, even after we've disappeared. Impressions which last, transcend time, transcend spaces.

A digital image applied on the surface. Impressions, feelings and emotions that last forever.

Our innovative process transforms a TREND slab into a design that will inspire you.
