MOSAIC ± 4,5mm

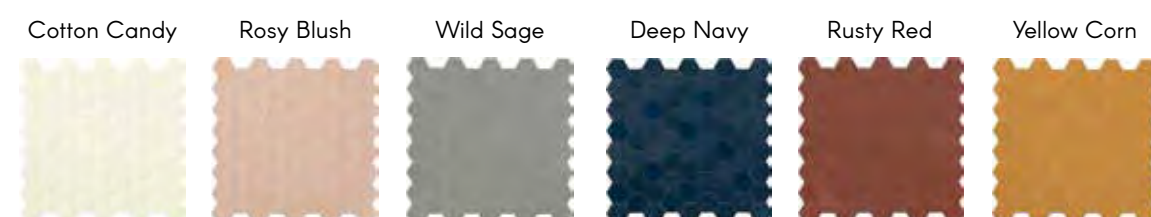

– *MATT finish* – 31,6x31,6cm (12"x12")

Hexagonal mosaic in 4,3x3,8cm (2"x2") chips and 31,6x31,6cm (12"x12") sheets, full body porcelain mosaic, high level technology made in Italy, suitable for floors and walls. Available in a minimalist **matt** finish, in 15 contemporary colors which are the perfect interpretation of the latest design trends.

*Mosaico esagonale in tessere di 4,3x3,8cm e fogli di 31,6x31,6cm, tecnologia di alto livello made in Italy, mosaico in gres porcellanato, adatto per pavimenti e rivestimenti. Disponibile in una finitura **matt** minimalista, in 15 colori contemporanei che sono la perfetta interpretazione delle ultime tendenze del design.*

– *MIX matt /glossy/fabric* – 31,6x31,6cm (12"x12")

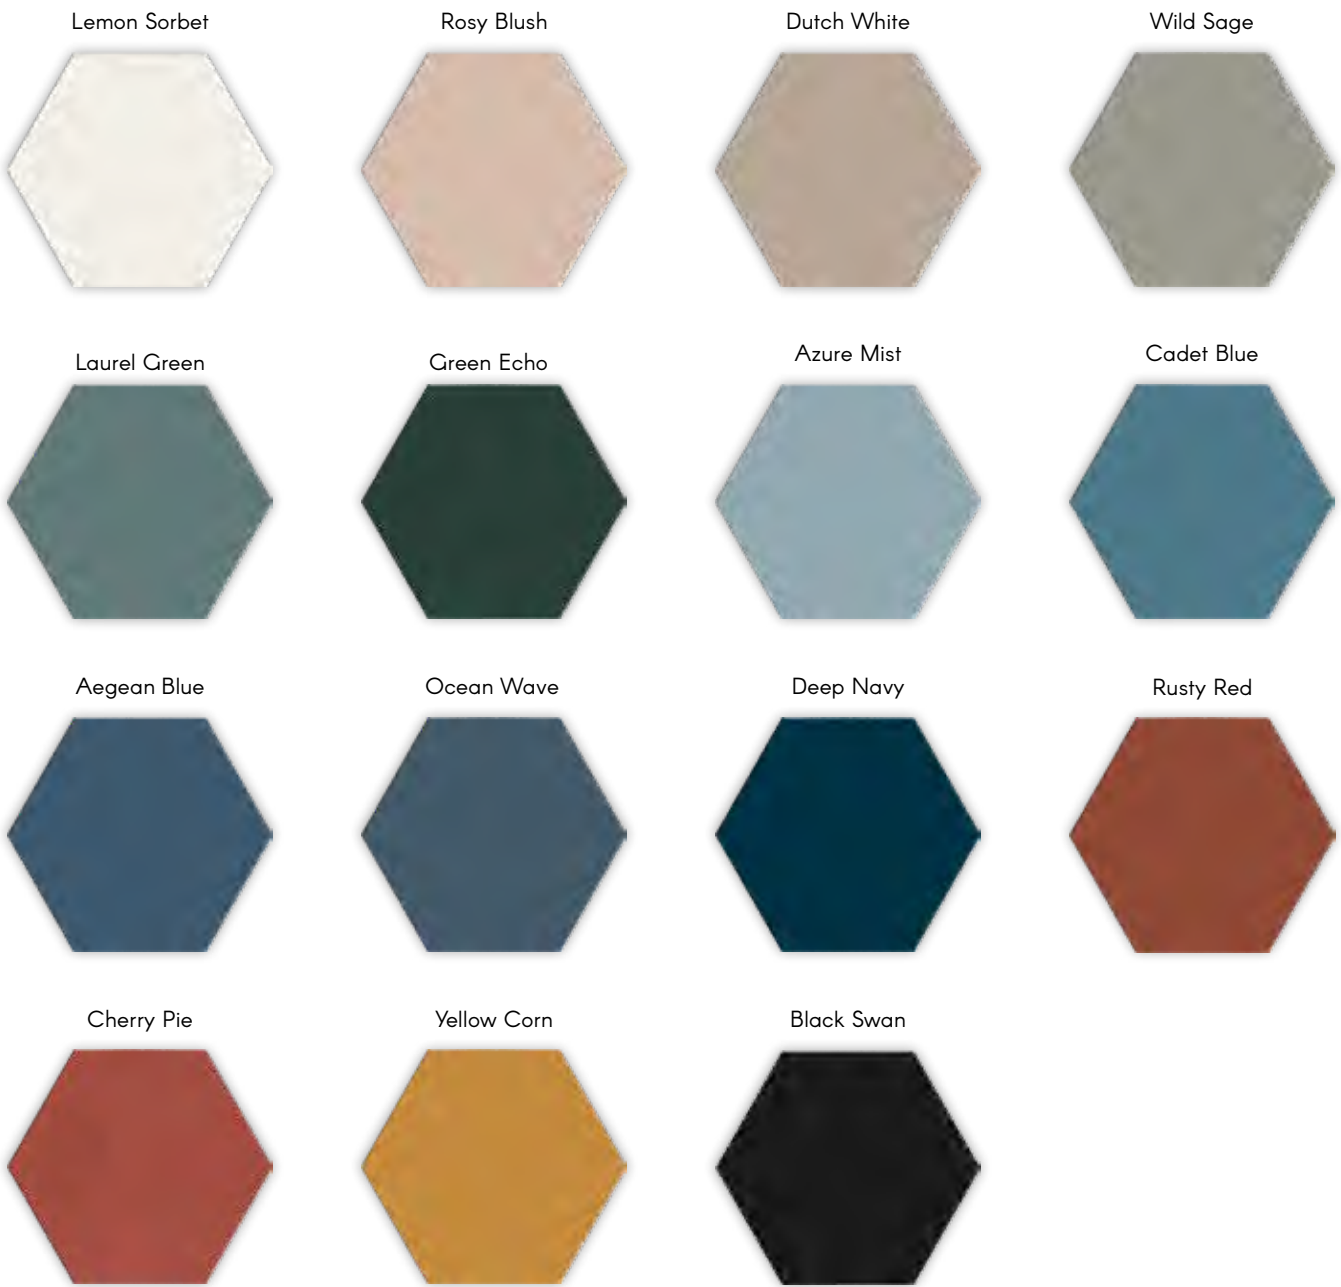

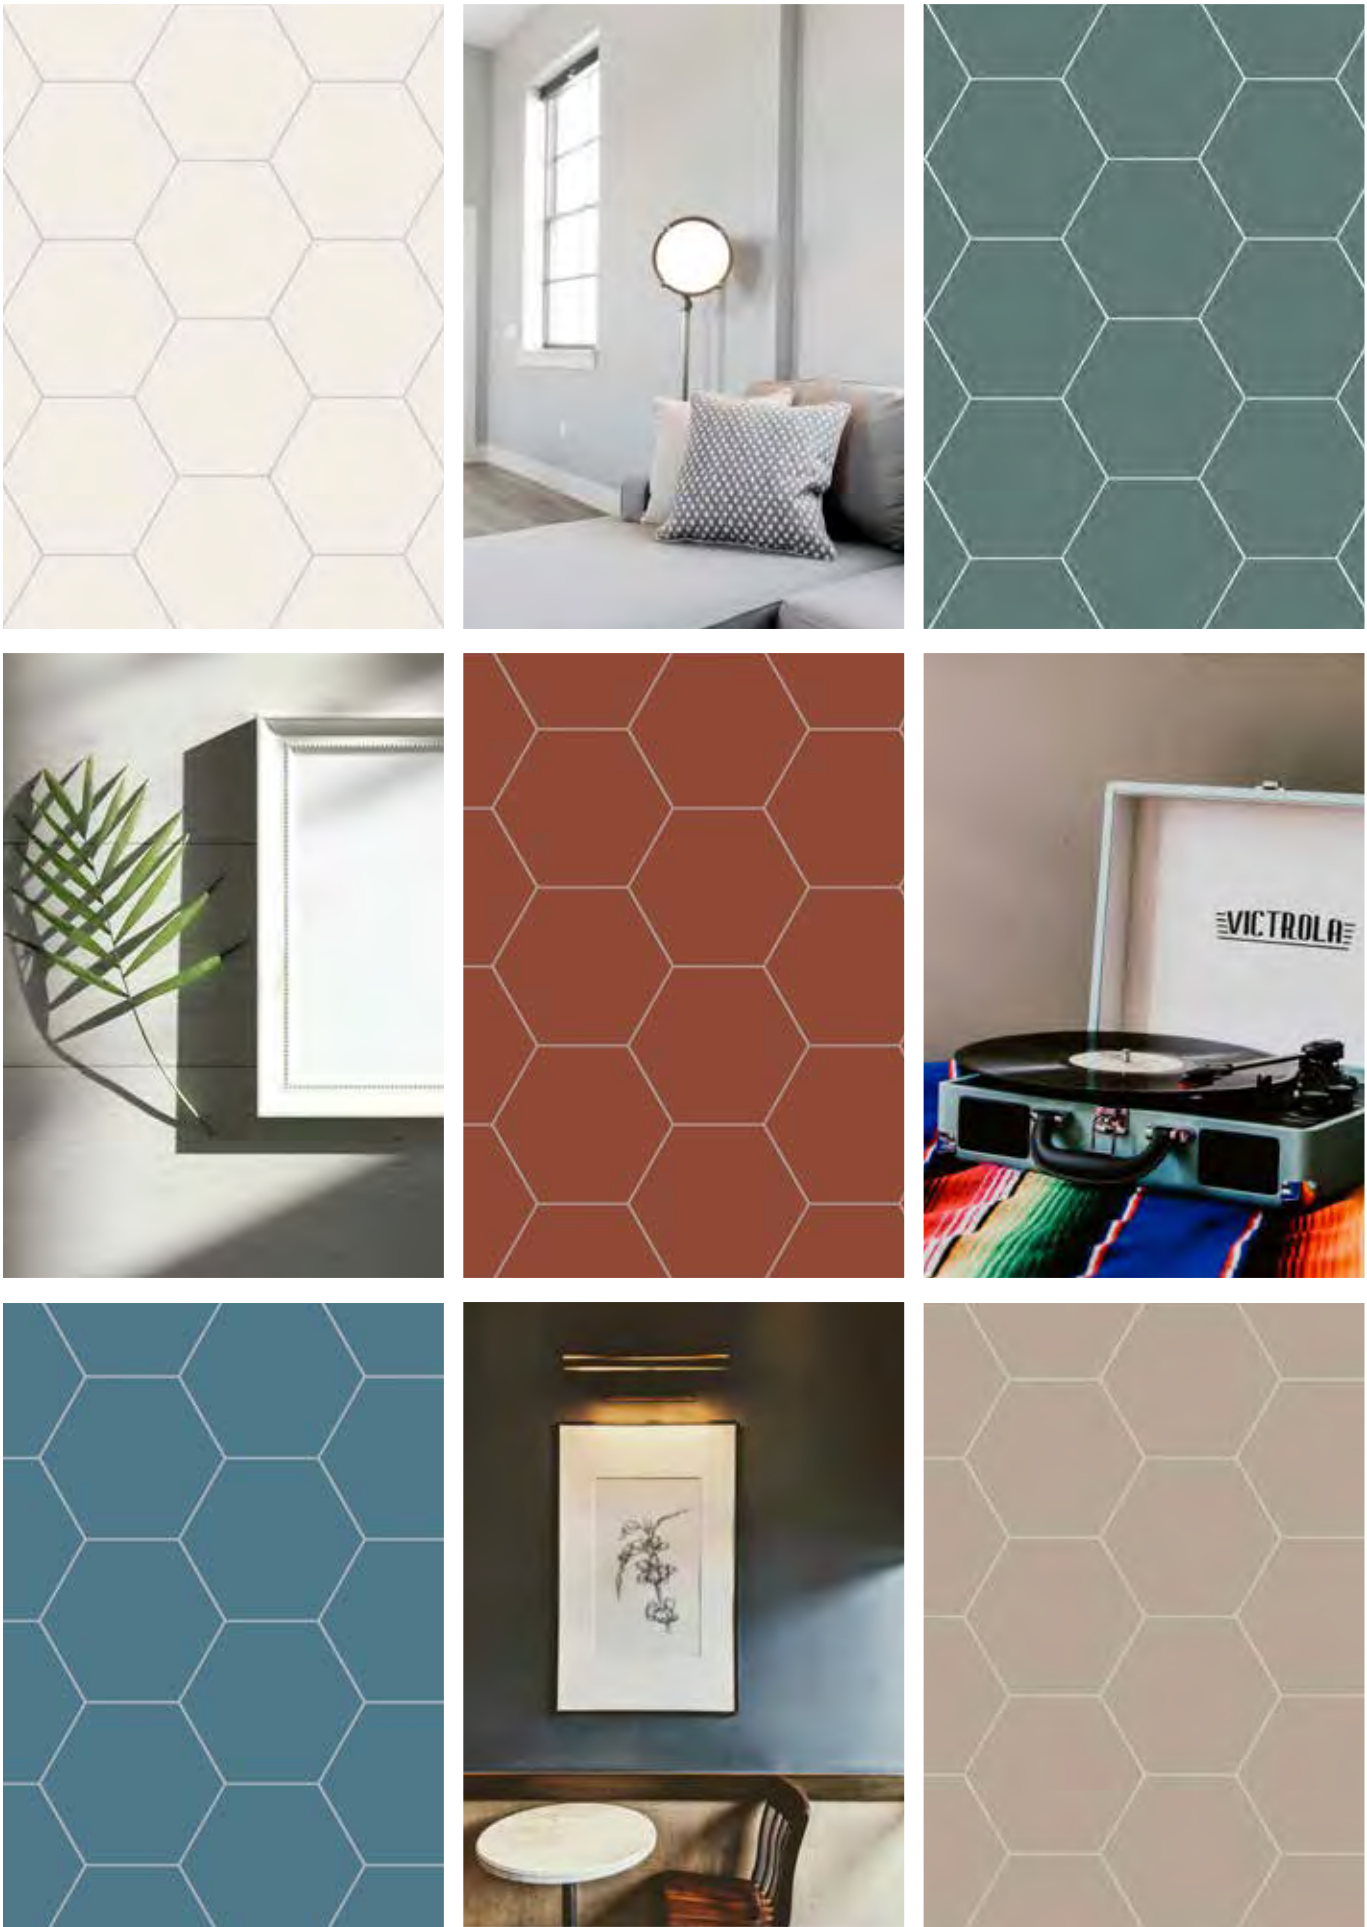

Hexagonal mosaic in 4,3x3,8cm (2"x2") chips and 31,6x31,6cm (12"x12") sheets, high level technology made in Italy, full body porcelain mosaic, suitable for floors and walls. Available in a mix of **three finishes**, matt, glossy (light polished effect) and fabric (materic look, like juta texture), in 6 colors inspired by Scandinavian design.

*Mosaico esagonale in tessere di 4,3x3,8cm e fogli di 31,6x31,6cm, tecnologia di alto livello made in Italy, mosaico in gres porcellanato, adatto per pavimenti e rivestimenti. Disponibile in un mix di **tre finiture**, matt, glossy (effetto lucido) e fabric (aspetto materico, come la texture juta), in 6 colori ispirati al design scandinavo.*

Hexa

FLOOR ± 8,5mm

- MATT finish- 14x16cm (5"x6")

15 colours to embrace you: a new floor experience to complete Hexa collection with a proposal for floor coverings in all the beloved shades of Hexa. A compact **14x16cm** (5"x6") size in which the colours stand out in their richness. Decisive hues ranging from pastels to stronger shades, always in the hexagonal shape that has made Hexa so memorable.

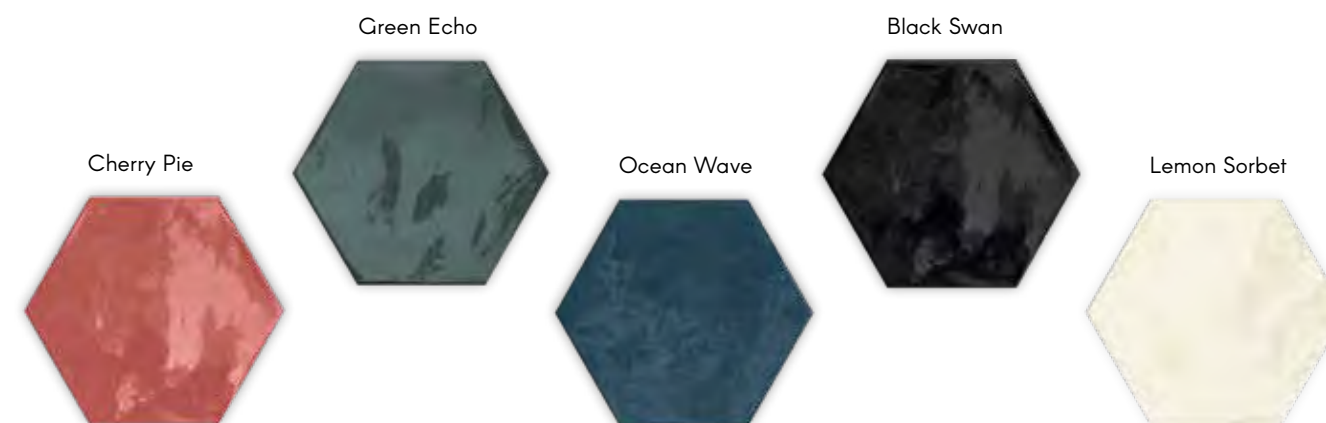

*15 colori per abbracciarti: una nuova esperienza di pavimento per completare la collezione Hexa con una proposta di pavimenti in tutte le amate tonalità della gamma. Un formato compatto **14x16cm** in cui i colori risaltano nella loro ricchezza. Tonalità decise che vanno dai pastelli alle gradazioni più forti, sempre nella forma esagonale che ha reso Hexa così memorabile.*

Hexa

WALL ± 10mm

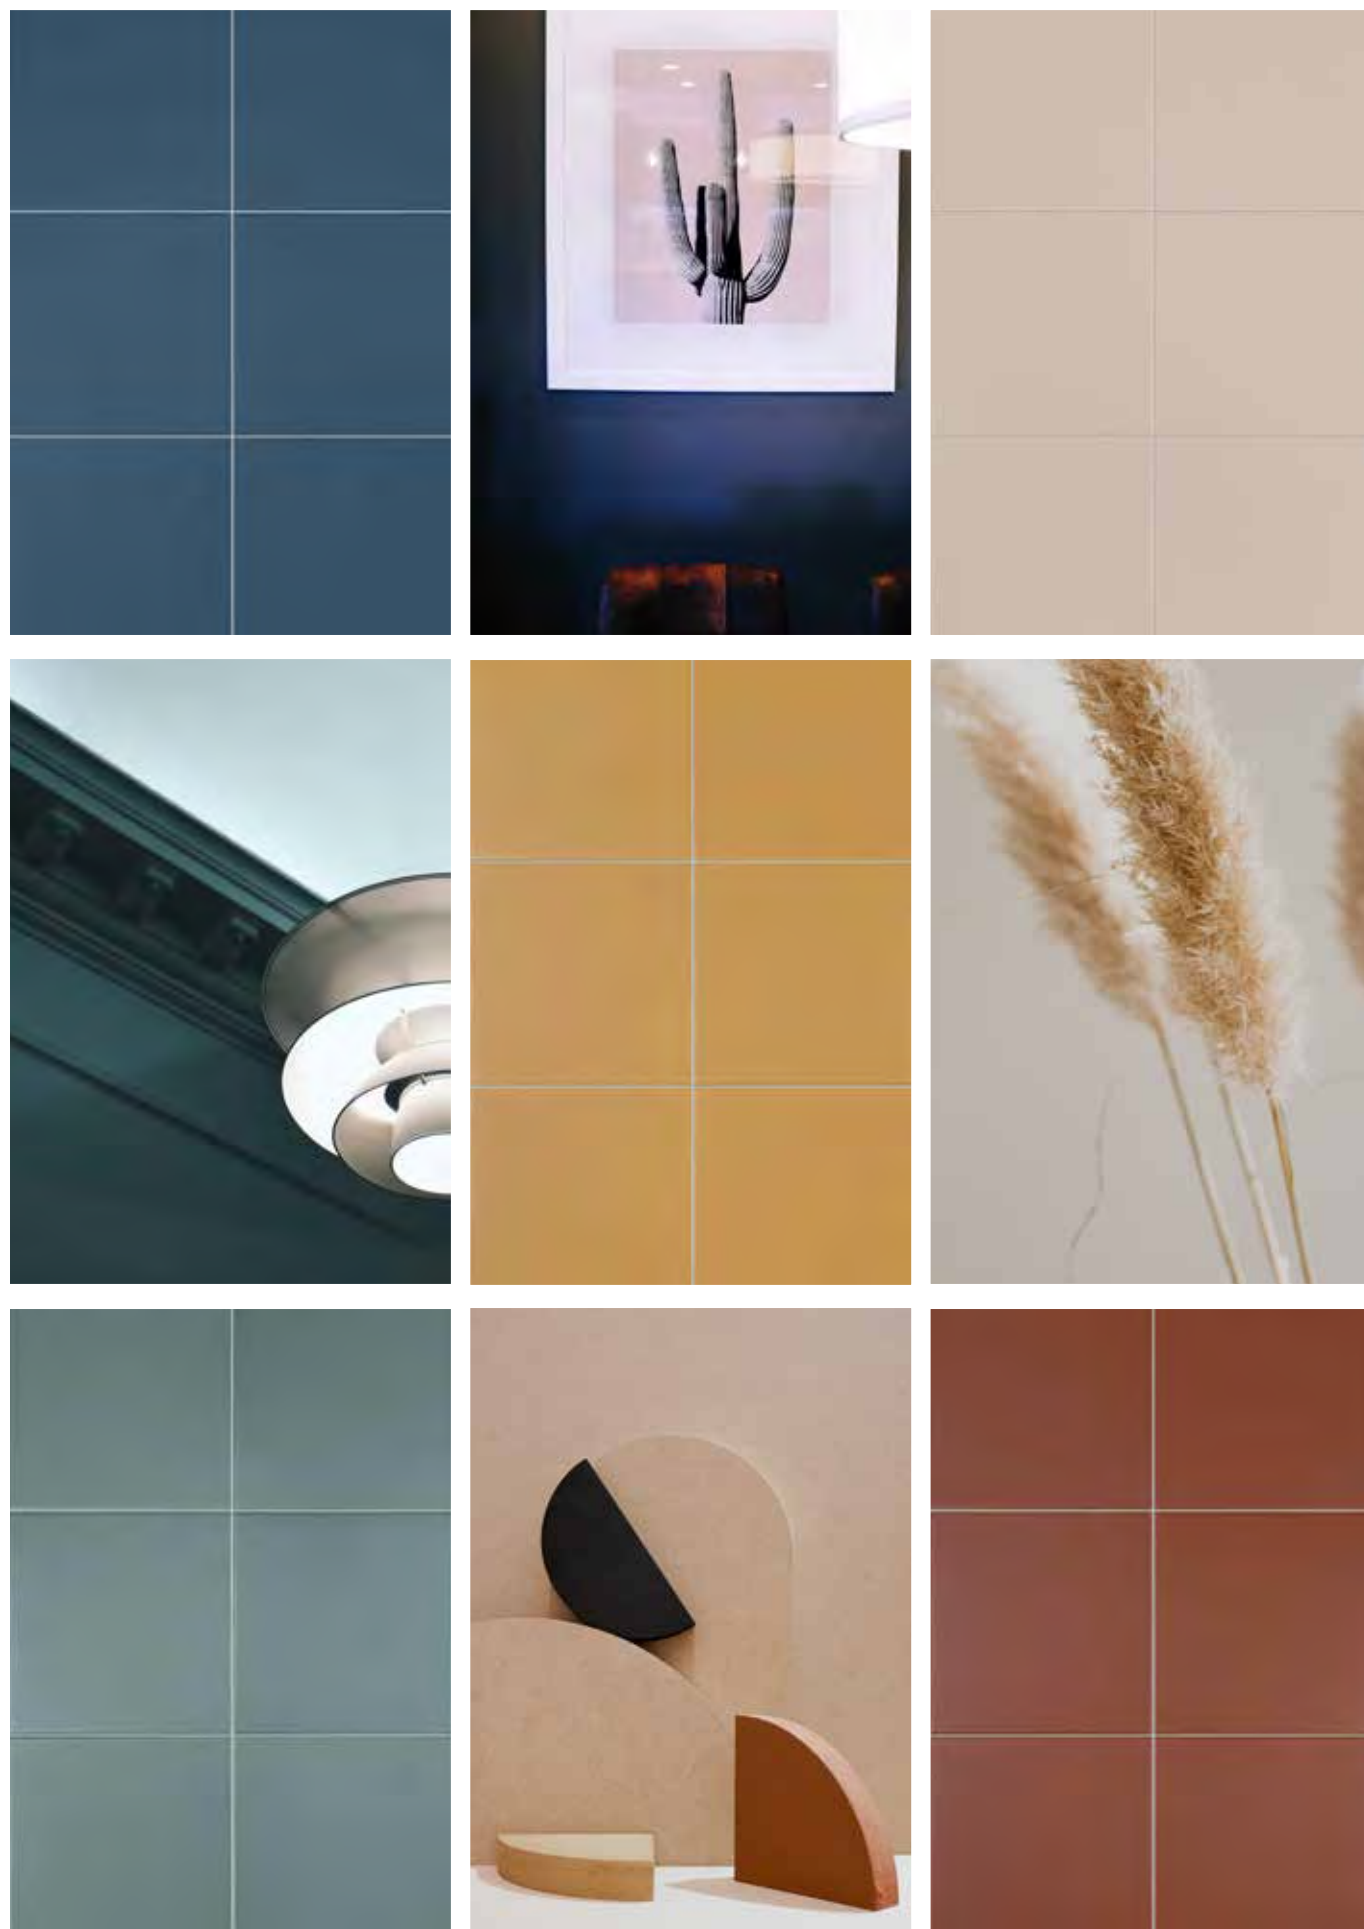

– GLOSSY finish – 17,3x15cm (7"x6")

Extruded white body ceramic tiles, semi hand made technology with a unique handcrafted effect: this is Hexa Wall, a hexagonal glazed extruded white body in 17,3x15cm (7"x6"). Available in 5 colors, soft **glossy finish**, only for wall use. Vintage style beside new trendy shades: this is warm minimalism.

*Piastrelle ceramiche estruse in pasta bianca, tecnologia semi-artigianale con un effetto "fatto a mano" unico: questo è Hexa Wall, un formato esagonale estruso in pasta bianca in 17,3x15cm. Disponibile in 5 colori, finitura **glossy** morbida, solo per rivestimenti. Stile vintage unito alle nuove tonalità di tendenza: questo è minimalismo caldo.*

"Color is a power which directly influences the soul."
~ Wassily Kandinsky

The Hexa collection offers a new **15x15 cm** size in which the richness of the colour range once again enhances the role of colour in interior design, a modern mood in which the perfect square allows you to play with composition and colour mix, or create rich monochrome displays. From decisive and elegant tones like Deep Navy, Black Swan or Dutch White, to nuances characterised by sophisticated refinement like Rosy Blush and Laurel Green, to the liveliness of the bold Yellow Corn and Cherry Pie, the fifteen colours of Hexa return in this new size to offer even new possibilities for combinations and laying, for modern wall and floor coverings enriched by spectacular colour effects.

*La collezione Hexa propone un nuovo formato **15x15 cm** in cui la ricchezza della gamma cromatica esalta ancora una volta il ruolo del colore nell'interior design, un mood moderno in cui il quadrato perfetto permette di giocare con la composizione e il mix colori, oppure creare ricche distese monocrome. Dai toni decisi e eleganti come Deep Navy, Black Swan o Dutch White, alle nuance caratterizzate da una sofisticata ricercatezza come Rosy Blush e Laurel Green, fino alla vivacità degli arditi Yellow Corn e Cherry Pie, i quindici colori di Hexa tornano in questo nuovo formato per offrire ancor nuove possibilità di combinazioni e pose, per rivestimenti e pavimenti moderni arricchiti da scenografici giochi cromatici.*

IMPORTANT – INSTALLATION NOTICE

This is a glue-dot mounted mosaic product. Dimensional tolerances, slight misalignments and non-perfect repeatability of the tiles are an inherent part of the production process and of the product’s nature. This product cannot be compared to industrial pre-cut tiles. Skilled, non-mechanical installation is required, with possible manual repositioning of individual tiles during installation. The use of tone-on-tone grout is strongly recommended. Installation implies acceptance of the material.

IMPORTANTE – ISTRUZIONI DI POSA

Prodotto mosaico montato a punto colla. Le tolleranze dimensionali, le leggere variazioni di allineamento e la non perfetta ripetitività degli elementi sono parte integrante della tipologia produttiva. Il prodotto non è assimilabile a piastrelle industriali pre-tagliate. È richiesta una posa esperta e non meccanica, con eventuale riposizionamento delle singole tessere. È fortemente consigliato l'utilizzo di stucco tono su tono. La posa implica l'accettazione del materiale.

THE VALUE OF DETAIL

GLUE-DOT SYSTEM: CONTROL AND PERFORMANCE IN WET AREAS

The **glue-dot** system allows greater flexibility compared to traditional mesh-mounted mosaics.

- adapts easily to surfaces
- enables manual adjustment of individual tiles
- avoids excessive rigidity during installation
- enhances the artisanal nature of the product

Additionally, the absence of a continuous mesh makes it **particularly suitable for wet areas**:

- adhesive bonds directly to each individual tile
- no intermediate layer between substrate and material
- improved long-term adhesion performance

⇒ The result is a more precise, natural and technically reliable installation.

APPLICATION VERSATILITY: WALLS AND FLOORS

Hexa, Stick, and Mini Stick are designed for **both wall and floor applications**, including **residential and light commercial environments**.

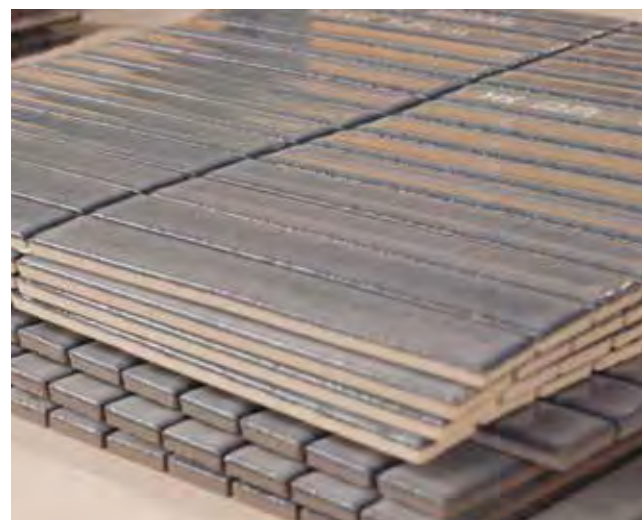

- material continuity across surfaces
 - suitable for medium-traffic areas
 - high design flexibility
- ⇒ A solution combining aesthetics and performance.

GLOSSY FINISH: AESTHETICS AND DURABILITY

The glossy finish is achieved through a process using **pressed crystalline powder fired at high temperature**.

- compact and resistant surface
- long-term stability
- suitable also for floor applications

⇒ A decorative finish with strong technical performance.

PUNTO COLLA: CONTROLLO E PERFORMANCE ANCHE NELLE ZONE BAGNATE

Il sistema **glue-dot** consente una maggiore libertà rispetto ai mosaici tradizionali su rete.

- permette di adattare il materiale alle superfici
- facilita la regolazione manuale delle singole tessere
- evita rigidità eccessive durante la posa
- valorizza la natura artigianale del prodotto

Inoltre, l'assenza della rete continua rende il sistema **particolarmente adatto alle zone bagnate**:

- la colla aderisce direttamente alla singola tessera
- si evita un ulteriore strato tra supporto e materiale
- si migliora la qualità dell'adesione nel tempo

⇒ Il risultato è una posa più precisa, naturale e tecnicamente più affidabile.

VERSATILITÀ APPLICATIVA: PARETI E PAVIMENTI

Hexa, Stick, and Mini Stick sono progettati per essere utilizzati **sia a rivestimento che a pavimento**, anche in contesti **residenziali e commerciali leggeri**.

- continuità materica tra superfici verticali e orizzontali
- adatti anche ad ambienti a medio traffico
- ampia libertà progettuale

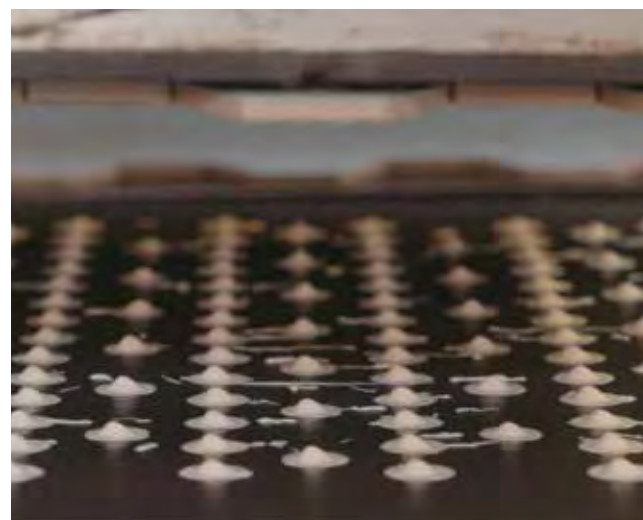

⇒ Una soluzione che unisce estetica e performance.

FINITURA GLOSSY: ESTETICA E RESISTENZA

La finitura glossy è realizzata attraverso un processo con **cristallina in polvere pressata e cotta ad alta temperatura**.

- superficie compatta e resistente
- elevata stabilità nel tempo
- idonea anche per utilizzo a pavimento

⇒ Una finitura decorativa con elevate performance tecniche.

RESPONSIBLE BEAUTY

PRODUCTION, SUSTAINABILITY, AND COLOR

Electric kilns powered by solar energy

Production takes place in electric kilns partially powered by solar energy generated on-site.

- reduced environmental impact
 - greater control over the production process
 - alignment with a responsible industrial model
- ⇒ Technology and sustainability working together.

A certified factory

The production site complies with internationally recognised environmental standards, including EPD certification.

- transparency on environmental data
- lifecycle impact control
- reliability for designers and clients

⇒ A product aligned with contemporary architecture needs.

A complete and contemporary colour range

Stick develops a wide and articulated palette designed for contemporary design.

- neutral, natural and saturated tones
- harmonious combinations across surfaces
- possibility to create contrast or continuity

⇒ Colour becomes part of the architectural language.

PRODUZIONE, SOSTENIBILITÀ E COLORE

Cottura in forni elettrici alimentati da energia solare

La produzione avviene in forni elettrici alimentati anche da energia generata da impianti fotovoltaici installati sulla copertura dello stabilimento.

- riduzione dell'impatto ambientale
 - maggiore controllo del processo produttivo
 - coerenza con un modello industriale responsabile
- ⇒ Tecnologia e sostenibilità lavorano insieme.

Una fabbrica certificata

Il sito produttivo è certificato secondo standard ambientali riconosciuti a livello internazionale, tra cui EPD.

- trasparenza sui dati ambientali
- controllo dell'impatto lungo il ciclo di vita
- garanzia per progettisti e clienti

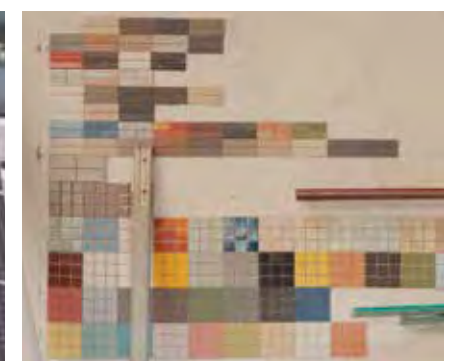

⇒ Un prodotto che risponde alle esigenze dell'architettura contemporanea.

Una gamma colori completa e contemporanea

Stick sviluppa una palette ampia e articolata, pensata per dialogare con il design contemporaneo.

- colori neutri, naturali e saturi
- combinazioni armoniche tra superfici
- possibilità di creare contrasti o continuità

⇒ Il colore diventa parte integrante del progetto.

INSTALLATION GUIDELINES

THE NATURE OF THE PRODUCT

HEXA, STICK, and MINI STICK mosaics are produced through an artisanal process that enhances material, craftsmanship and variation as distinctive design elements.

Small dimensional differences, slight curvatures and surface variations are intrinsic characteristics of the product, not defects, and are what make these mosaics unique compared to standard industrial products.

Mounting system

The mosaics are supplied mesh-mounted with a glue-dot system, designed to support installation while respecting the artisanal nature of the product. For this reason:

- careful manual installation is required
- rigid or mechanical staggered installation is not recommended
- final alignment must always be adjusted during installation.

Recommended installation guidelines

- installation by experienced installers
- use of high-quality cement-based adhesives
- manual adjustment of individual pieces during installation
- respect of curing times before grouting

Grouting: a key element of the final result

Grout selection is an integral part of the aesthetic result. To enhance the mosaic and achieve a harmonious surface, the use of tone-on-tone grout is strongly recommended.

LA NATURA DEL PRODOTTO

I mosaici Hexa, Stick e Mini Stick sono realizzati secondo un processo artigianale che valorizza la materia, la manualità e la variazione come elementi distintivi del progetto.

Piccole differenze dimensionali, lievi curvature e variazioni superficiali sono caratteristiche intrinseche del prodotto, non difetti, e rappresentano ciò che rende questi mosaici unici rispetto a prodotti industriali standardizzati.

Sistema di montaggio

I mosaici sono forniti su rete con sistema punto colla, una soluzione studiata per facilitare la posa e allo stesso tempo rispettare la natura artigianale del prodotto.

Per questo motivo:

- *è richiesta posa manuale attenta, elemento per elemento*
- *non è consigliata una posa “a correre” rigida o meccanica*
- *l'allineamento finale va sempre controllato e corretto in fase di posa*

Indicazioni di posa consigliate

- *posa da eseguirsi da parte di posatori esperti*
- *utilizzo di collanti cementizi di alta qualità*
- *regolazione manuale dei singoli elementi durante la posa*
- *rispetto dei tempi di asciugatura prima della stuccatura*

Stuccatura: un elemento chiave del risultato finale

La scelta dello stucco è parte integrante del progetto estetico. Per valorizzare al meglio il mosaico e ottenere un risultato armonico, è fortemente consigliato l'utilizzo di stucchi tono su tono.

RECOMMENDED COLOUR COMBINATIONS

The Tested and recommended combinations

Kerakoll is carrying out specific tests on our mosaics to define the optimal colour pairings between surfaces and grout.

Examples:

- Hexa Lemon Sorbet Matt → Fugabella Color KK2
- Hexa Green Echo Matt → Fugabella Color KK50

Why tone-on-tone grout

- enhances the mosaic surface
- reduces the visibility of minor dimensional variations
- ensures a more refined and cohesive result
- improves the overall perception of quality

Important note

The provided guidelines represent technical and aesthetic recommendations based on testing and best practices. Final installation remains the responsibility of the installer, who must assess substrates, site conditions and intended use.

The same colour combinations apply to all products in the Color Fill range: Fugabella Color and Fugalite Color fillers, and the matching decorative sealants Silicone Color and Silmat Color..

Abbinamenti testati e consigliati

Kerakoll sta effettuando test specifici sui nostri mosaici per definire gli abbinamenti cromatici ottimali tra superfici e stucco.

Esempi:

- *Hexa Lemon Sorbet Matt → Fugabella Color KK2*
- *Hexa Green Echo Matt → Fugabella Color KK50*

Perché lo stucco tono su tono

- *esalta la superficie del mosaico*
- *rende meno visibili eventuali micro-variazioni dimensionali*
- *garantisce un risultato più omogeneo e sofisticato*
- *migliora la percezione qualitativa dell'installazione*

Nota importante

Le indicazioni fornite rappresentano linee guida tecniche ed estetiche basate su test e best practice. La corretta posa resta responsabilità del posatore, che dovrà valutare supporti, condizioni di cantiere e destinazione d'uso.

Gli stessi abbinamenti cromatici valgono per tutti i prodotti della gamma Color Fill: gli stucchi Fugabella Color e Fugalite Color e i sigillanti decorativi coordinati Silicone Color e Silmat Color.

kerakoll

TECHNICAL PARTNERSHIP WITH KERAKOLL

In collaboration with Kerakoll, a Benefit Company certified B Corp and partner of the B Local Modena project, resin-cement based grouts Fugabella Color have been identified to match our mosaics chromatically.

These combinations:

- enhance the final aesthetic effect
- reduce visual contrast between tile and joint
- respect the artisanal nature of the product

⇒ These recommendations apply to the entire Borgotaro mosaic range: Hexa, Stick, and Mini Stick.

COLLABORAZIONE TECNICA CON KERAKOLL

In collaborazione con Kerakoll, Società Benefit certificata B Corp e partner del progetto B Local Modena, sono stati individuati stucchi resina-cemento Fugabella Color abbinati cromaticamente ai nostri mosaici.

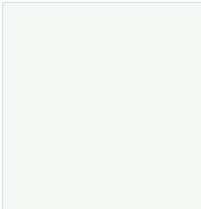

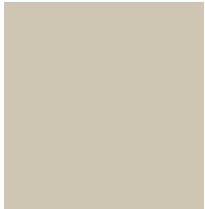

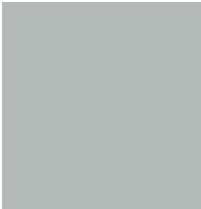

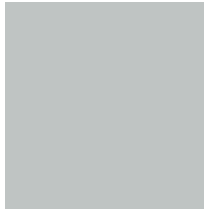

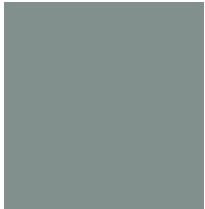

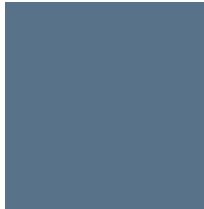

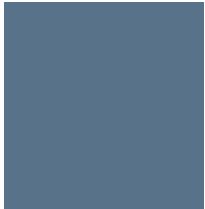

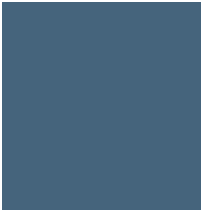

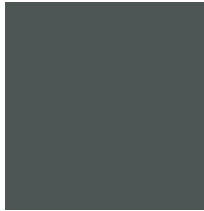

Queste combinazioni:

- *migliorano l'effetto finale*
- *riducono il contrasto visivo tra mosaico e fuga*
- *rispettano la natura artigianale del prodotto*

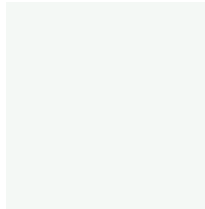

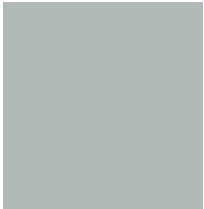

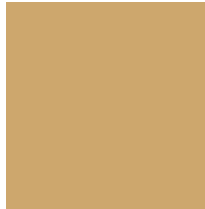

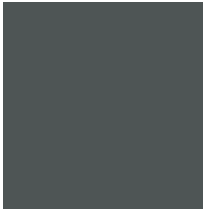

⇒ *Le stesse indicazioni valgono per tutta la gamma mosaici Borgotaro: Hexa, Stick e Mini Stick.*
