

ZUCCHETTI.

Sablier, firmato da Monica Armani, è un'inedita interpretazione dell'acciaio inox, nell'ambito della rubinetteria. Rifiutando gli stilemi comuni a questa tipologia di prodotto, la designer ha voluto creare delle forme morbide e aggraziate, che invitano al contatto.

“Abbiamo sviluppato la collezione Sablier combinando i segni organici e le sensazioni tattili nella nostra memoria con le tecnologie costruttive, mirando a creare un prodotto funzionale e pratico come si addice ad una linea di rubinetteria.” racconta Monica Armani.

Le sagome scolpite nell'acciaio creano delle silhouette sinuose e aggraziate e rievocano la rotondità dei ciottoli di fiume levigati dallo scorrere dell'acqua. Il profilo degli elementi richiama la forma della clessidra, da cui il nome Sablier, un oggetto senza tempo, ma sempre riconoscibile.

Il risultato è una collezione moderna ed elegante, plasmata con maestria, con la stessa modalità con cui il tempo, la materia, il vento e l'acqua modellano gli elementi naturali del paesaggio.

Sablier fonde design moderno, comfort e rispetto per l'ambiente. I dettagli curati e le sensazioni tattili di setosità e calore rendono ogni utilizzo un'esperienza unica.

Sablier, designed by Monica Armani, is a new interpretation of stainless steel on a line of bathroom faucets. Departing from the style features common to stainless steel products the designer wanted to create soft and graceful shapes that call for being touched.

“We developed the Sablier collection by combining the organic traits and tactile sensations in our memory with manufacturing technologies, aiming to create a functional and practical product as suitable for a line of taps.” says Monica Armani.

The forms sculpted in steel create sinuous and graceful silhouettes and evoke the roundness of river pebbles sculpted by the flow of sand and water. The profile of the elements recalls the shape of the hourglass, hence the name Sablier, a timeless but always recognizable object. The result is a modern and elegant collection, crafted with mastery, as time, elements, wind and water shape the natural elements of the landscape.

Sablier blends modern design, comfort and respect for the environment. The attention to detail and the tactile sensations of silkiness and warmth turn every single usage into a unique experience.

Sablier, firmado por Monica Armani, es una inédita interpretación del acero inoxidable en el ámbito de la grifería. Rechazando los recursos estilísticos habituales para este tipo de producto, la diseñadora ha querido crear formas suaves y agraciadas que invitan al contacto.

«Hemos desarrollado la colección Sablier combinando los signos orgánicos y las sensaciones táctiles de nuestra memoria con las tecnologías de construcción para crear un producto práctico y funcional como corresponde a una línea de grifería», cuenta Monica Armani.

Las formas esculpidas en el acero crean siluetas sinuosas y cautivadoras que evocan la redondez de los guijarros de río alisados por la corriente del agua. El perfil de los elementos recuerda la forma de la clepsidra, de la que toma el nombre Sablier: un objeto atemporal pero siempre reconocible.

El resultado es una colección moderna y elegante, plasmada con maestría del mismo modo que el tiempo, la materia, el viento y el agua modelan los elementos naturales del paisaje.

Sablier es una colección que funde diseño moderno, confort y respeto del medioambiente. Gracias a sus cuidados detalles y a la cálida y sedosa sensación táctil que la caracteriza, cada uso es una experiencia única.

Monocomando incasso vasca-doccia con deviatore meccanico a pulsante | Built-in single lever bath-shower mixer with mechanical push-button diverter |
Monomando empotrado baño-ducha con inversor mecánico con pulsador
Brushed Stainless Steel
